

68-21-7. Drugs of concern. (a) Each of the following shall be classified as a drug of concern:

(1) Any product containing all three of these drugs: butalbital, acetaminophen, and caffeine;

(2) ~~carisoprodol; and~~

(3) ~~tramadol;~~

(3) any compound, mixture, or preparation that contains any detectable quantity of ephedrine, its salts or optical isomers, or salts of optical isomers and is exempt from being reported to the statewide electronic logging system for the sale of methamphetamine precursors;

(4) any compound, mixture, or preparation that contains any detectable quantity of pseudoephedrine, its salts or optical isomers, or salts of optical isomers and is exempt from being reported to the statewide electronic logging system for the sale of methamphetamine precursors;
and

(5) promethazine with codeine.

(b) The stakeholders ~~of the program~~ shall be notified by the board if a drug is to be considered by the board for classification as a drug of concern.

(c) Any individual who wants to have a drug added to the program for monitoring may submit a written request to the board.

This regulation shall take effect 90 days after publication in the Kansas register.

(Authorized by K.S.A. 2009 2013 Supp. 65-1682 and 65-1692; implementing K.S.A. 2009 2013 Supp. 65-1682; effective Oct. 15, 2010; amended P-_____.)
